46. COMPLIANCE WITH LAWS:

- A. With the acceptance of this Purchase Order, Seller warrants that the Products to be furnished hereunder have been or will be produced in compliance with all applicable federal, state and local laws, regulations and ordinances of the United States or any other sovereign or state or municipal government which may now or hereafter govern performance under this Purchase Order including, without limitation, the manufacture, shipment and delivery of the Products purchased hereunder. Seller agrees to indemnify and hold the Buyer Indemnified Parties harmless against any loss or liability due to Seller's violation of or non-compliance with such laws.
- B. Seller's obligation shall include without limitation compliance with all applicable environmental laws and requirements.
- C. Without limiting the generality of the foregoing, Seller may be required to comply with the following regulations for doing business in the European Union:
 - a. "REACH", which is an acronym for "Registration, Evaluation, Authorization and Restriction of Chemicals", is the basic EU regulation applying to chemicals. REACH is based on the "no data, no market" principle. This means that companies manufacturing or importing chemical substances subject to the regulation may not place products on the EU market without first having registered with ECHA. For more information <https://echa.europa.eu/regulations/reach/legislation>.
 - b. The General Data Protection Regulation (GDPR) is broad in scope and applies to all companies who collect, process, and/or store the personal data of European citizens regardless of whether or not a company has a physical presence in Europe or directly provides goods or services to European customers. For more information: <https://www.eugdpr.org/>.
- D. When the Products or Services furnished under this Order are furnished in connection with a U.S. Government Prime Contract or Subcontract, the following Federal Acquisition (FAR) and Department of Defense FAR Supplement (DFARS) clauses identified below shall also apply to this Order, as required by terms of the prime contract, or by operation of law or regulation. Said FAR and DFARS clauses are incorporated into this Order by reference, with the same force and effect as if they were given in full text. The effective version of each FAR or DFARS clause shall be the same version as appears in Buyer's prime contract, or higher-tier subcontract under which this Order is issued. In the event there is no such equivalent clause in Buyer's prime contract or higher-tier subcontract, the date shall be the regulatory date in effect as of the date of this Order. The applicability and interpretation of each clause are subject to any specific parenthetical statement following its title.
- E. In all FAR and DFAR clauses listed below, the terms "Government", "Contractor", and "Contracting Officer" shall be revised to suitably identify Buyer and Seller and affect the proper intent of the clause, except where further clarified or modified in the parenthetical that follows each clause. Notwithstanding the foregoing, nothing herein shall be construed to mean that Buyer may modify or limit any rights the United States Government may have as set forth in the FAR and DFARS clauses below. Nor shall anything herein be construed to provide Seller with rights that only the United States Government has the authority to grant or perform, such as in FAR 52.227-1 and FAR 52.227-2. All Seller contact with the prime contract or any higher-tier subcontractor relating to this Order shall be through or coordinated with Buyer.

Purchase Order Terms and Conditions

49. **ASSIGNMENT:** This Purchase Order binds and inures to the benefit of Buyer, its successors and assigns and Buyer's customers for the Products. Seller may not assign any right or interest in this Purchase Order nor delegate the performance of any of its obligations without Buyer's prior written consent.
50. **EXCUSABLE DELAY:** Seller shall be excused for delay or failure to accept delivery hereunder if such delay or failure results from an unforeseeable cause beyond Seller's reasonable control and without the fault or negligence of Seller, including without limitation, Government embargoes, blockades, seizure or freeze of assets, delays or refusals to grant an export license or the suspension or revocation thereof, or other acts of the Government, fires, floods, severe weather conditions, or any other acts of God, quarantines, labor strikes or lockouts, riots, strife, insurrection, civil disobedience, war, or industry-wide material shortages (an "Excusable Delay"). Buyer shall promptly notify the Seller in writing of any such delay or failure and the cause thereof. If Seller's performance is delayed as a result of an Excusable Delay for more than 20 days, Buyer may terminate this order.
51. **NOTICE OF LABOR DISPUTES:** Whenever an actual or potential labor dispute delays, or threatens to delay the timely performance of this order, Seller shall immediately notify Buyer in writing of all relevant information with respect to such dispute.
52. **AUTHORIZED AGENT:** All Buyer's contractual directions (including, but not limited to, pricing, delivery, and configuration changes) shall be authorized in writing by Purchasing Agent only.
53. **CHANGES:**
- A. Buyer may at any time, by written change order, suspend performance of this order, in whole or in part, make changes in the quantities, drawings, designs, specifications, method of shipment or packaging, or time or place of delivery of the goods, reschedule the services, or require additional or diminished services.
- B. Buyer may also make changes to the terms and conditions of this order required to meet Buyer's obligations under its customer prime contracts or subcontracts, and to remain compliant with public laws and regulations. Except for the rights granted the Buyer under this article, a change pursuant to this article shall not give rise to nor authorize any other modification of or amendment to the terms and conditions of this order.
- C. If any such change causes an increase or a decrease in the cost or time required to perform under this order, Buyer and Seller shall negotiate an equitable adjustment in the price or schedule or both to reflect the increase or decrease. Unless otherwise agreed in writing, Seller must assert any claim for adjustment to Buyer's Authorized Procurement Representative in writing within thirty (30) days from the date of receipt by Seller of the change order. Buyer may at its sole discretion consider claims which fail to comply with this submittal requirement as unconditionally waived. Seller has the burden to support the amount of any claim for equitable adjustment. Buyer shall have the right to verify the amount of Seller's claim by audit of all records relating to the change claim. Failure of the parties to agree upon any adjustment shall not excuse Seller from performing in accordance with the Buyer's direction.

Purchase Order Terms and Conditions

Termination for Default:

Buyer may by written notice to Seller, cancel all or part of this Contract: (a) if Seller fails to deliver the Goods within the time specified by this Contract or any written extension; (b) if Seller fails to perform any other provision of this Contract or fails to make progress, so as to endanger performance of this Contract. In either case, within ten (10) days after receipt of notice from Buyer, Seller must either cure the failure or provide a detailed plan to cure the failure for any circumstance that cannot be reasonably cured within ten (10) days. Any such plan must be acceptable to Buyer's Authorized Purchasing Representative. Seller shall continue all work not cancelled. Buyer shall pay the contract price for completed goods accepted. Buyer may withhold from any amount due under this Contract any sum determined to be necessary to protect Buyer from loss associated with liens or claims driven by the default. Any goods or materials accepted by the Buyer for protection or preservation of property shall be at a price in accordance with the "Termination for Convenience" article of this Contract for which Seller will not be entitled to profit.

55. ADEQUATE ASSURANCE OF PERFORMANCE:

If at any time Buyer has reasonable grounds for insecurity, or doubt that Seller's continuing performance will be full, and timely in accordance with the terms of the order, Buyer may request, by written notice to Seller, adequate assurances in writing that Seller is able and willing to perform all of its respective obligations under the order. Seller shall provide with its assurances of performance any information, reports, or other materials prepared by Seller as Buyer may reasonably request. Upon Buyer's request and as soon as practicable, Seller shall make available employees, including members of Seller's senior management, to meet with Buyer to discuss those assurances of performance. If seller does not provide adequate written assurances within fifteen (15) calendar days after Buyer's written notice and request, Buyer may, at its option, treat the Order as breached by Seller.

56. WARRANTY:

- a. Seller warrants that goods furnished under this order shall conform to all specifications and requirements of this order and shall be free from defects in materials and workmanship. In the event the goods are not manufactured to detailed designs and specifications furnished by the Buyer, the goods shall nonetheless be free from design and specification defects. The goods shall not infringe any patent, copyright, trademark or other proprietary right or trade secret of any third party. The goods shall also be free from liens or encumbrances.
- b. This warranty shall begin upon Buyer's final acceptance of the goods and shall survive inspection, test and payment for the goods. The warranty shall extend for a period of (18) eighteen months or such other period as set forth elsewhere in this order, and Buyer shall give Seller notice after discovery of a defect or nonconformance in the goods. The warranty shall run to Buyer and its successors, assigns and customers.
- c. In the event of any defect or nonconformance in the goods, Buyer may at its option and at Seller's expense (1) require prompt correction or replacement of the goods or (2) return the goods for credit or refund. Seller shall bear all expenses associated with the defect or nonconformance in the event the goods are returned to the Seller. Goods required to be corrected or replaced by the Seller shall be subject to the same requirements as goods originally purchased under this order.
- d. In the event the parties disagree about the existence of a breach of this warranty, Seller shall promptly comply with the Buyer's direction to (1) repair, rework or replace the Goods or (2) furnish any materials or parts required to successfully correct the defect or non-conformance. If the parties later determine that Seller did not breach this warranty, the parties shall equitably adjust the contract price.

57. DISPUTES/JURISDICTION & VENUE: Buyer and Seller shall use their best reasonable efforts to resolve any and all disputes, controversies, claims, or differences between Buyer and Seller, arising out of or relating in any way to this Contract or its performance, including, but not limited to, any questions regarding the existence, validity or termination hereof ("Disputes"), through negotiation. Only upon failure by Buyer and Seller to resolve the Dispute through such negotiation may either Party institute legal action. Any dispute arising under this order which is not disposed of by agreement of the parties shall be decided by a court proceeding. The jurisdiction and venue of any dispute shall be submitted to the King County Superior Court, State of Washington and each party submits to the jurisdiction of that court for such purpose. Any removal to Federal Court shall be to the Western District, Seattle, Washington. Pending settlement of final decision of any such dispute, Seller shall proceed diligently with the performance of this order in accordance with Buyer's direction.

58. LIMITATION OF LIABILITY: Buyer's liability to Seller hereunder shall not, under any circumstances, be greater than the total dollar amount of the purchase order indicated herein.

If any provision of this order is found to be illegal or otherwise unenforceable by any court or other judicial or administrative body, the other provisions of this order shall not be affected thereby, and shall remain in full force and effect. In the event of litigation between parties to enforce rights under this paragraph, reasonable attorney fees shall be allowed to the prevailing party.

63. **ENTIRE AGREEMENT:** This instrument contains the entire agreement between the parties, and it is expressly understood and agreed that no promises, provisions, terms, warranties, conditions or obligations whatsoever, whether express or implied, other than herein set forth, shall be binding upon either party.
